Modules – Think of it like your online textbook

▼ Unit 1: Scientific Processes

Weekly Lessons and Unit Introduction
Feb 7

Unit 1 Project
Feb 23 20 pts

Lesson 1: Scientific Processes and Thinking

Scientific Ways of Thinking

Discover: Observation vs. Inference

Workbook 1: Vocab Matchup
Feb 8 5 pts

Video: Observations and Inference

Wordwall Practice: Observation, Inference and Prediction

Discover: Assumptions, Point of View, and Bias

Checkpoint 1: Scientific Thinking
Feb 9 10 pts

Here you can do your entire lesson which includes reading, watching videos, completing workbooks, taking quizzes and tests, and receiving instructions for completing teacher- graded assignments.

The History of Physics

In this lesson, you will be introduced to the history of physics and will learn more about its ancient origins and the scientific revolution.

Help

When you click on a part of the lesson, it will open that page. Read or do everything on the page and then click “Next” to move to the next page. Keep going until you have reached the end of the lesson and have completed the checkpoint.

◀ Previous

Next ▶

Listen

All workbooks have the option to turn on a screen reader.

Discover: The Ancient Origins of Physics

The year is 585 BC. In the middle of the day, the sky goes dark! It is as if night has descended early.

This shocking event was a near-total solar eclipse. It was predicted by a man named Thales, using scientific means.

For many, the work of Thales marks the beginning of science.

Science and Physics

Science is the study of how the natural world functions. The word *science* comes from the Latin word *scientia*, which means “to know.”

In the modern world, physics, chemistry, and biology are the three main branches of science. **Physics** studies motion and the nature of matter and energy.

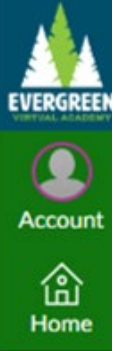

In times gone by, things were different. Scientists were all students of nature. They were often called natural philosophers. The terms natural philosophy and physics were often used to mean the same thing. The word *physics*, after all, means “nature” in Greek.

Ancient Greece and Rome

Total: 99.36% (A)

Totals are calculated based only on graded assignments.

> View Assignment Group Totals

Be sure to check your grades in each of your subjects every day. Look for zeros which will tell you that you missed an assignment and need to get it done. Also, look for low grades and see if you have more attempts at that assignment to try to raise your grade.

Tiffany Folsom, Emily Borrego
Middle School Onboarding

Don't forget about our social hour on Friday!

 **Tiffany Folsom, Ally Manley**
Elementary Onboarding Homeroom
Aug 21, 2023 at 5:11pm

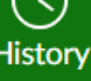

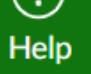

All are welcome! Come join us and have fun meeting your fellow students and playing some games. WE hope to see you there!

Check out our Spirit Week Padlet!
